

# CURIOUS WORLD™

## Colors

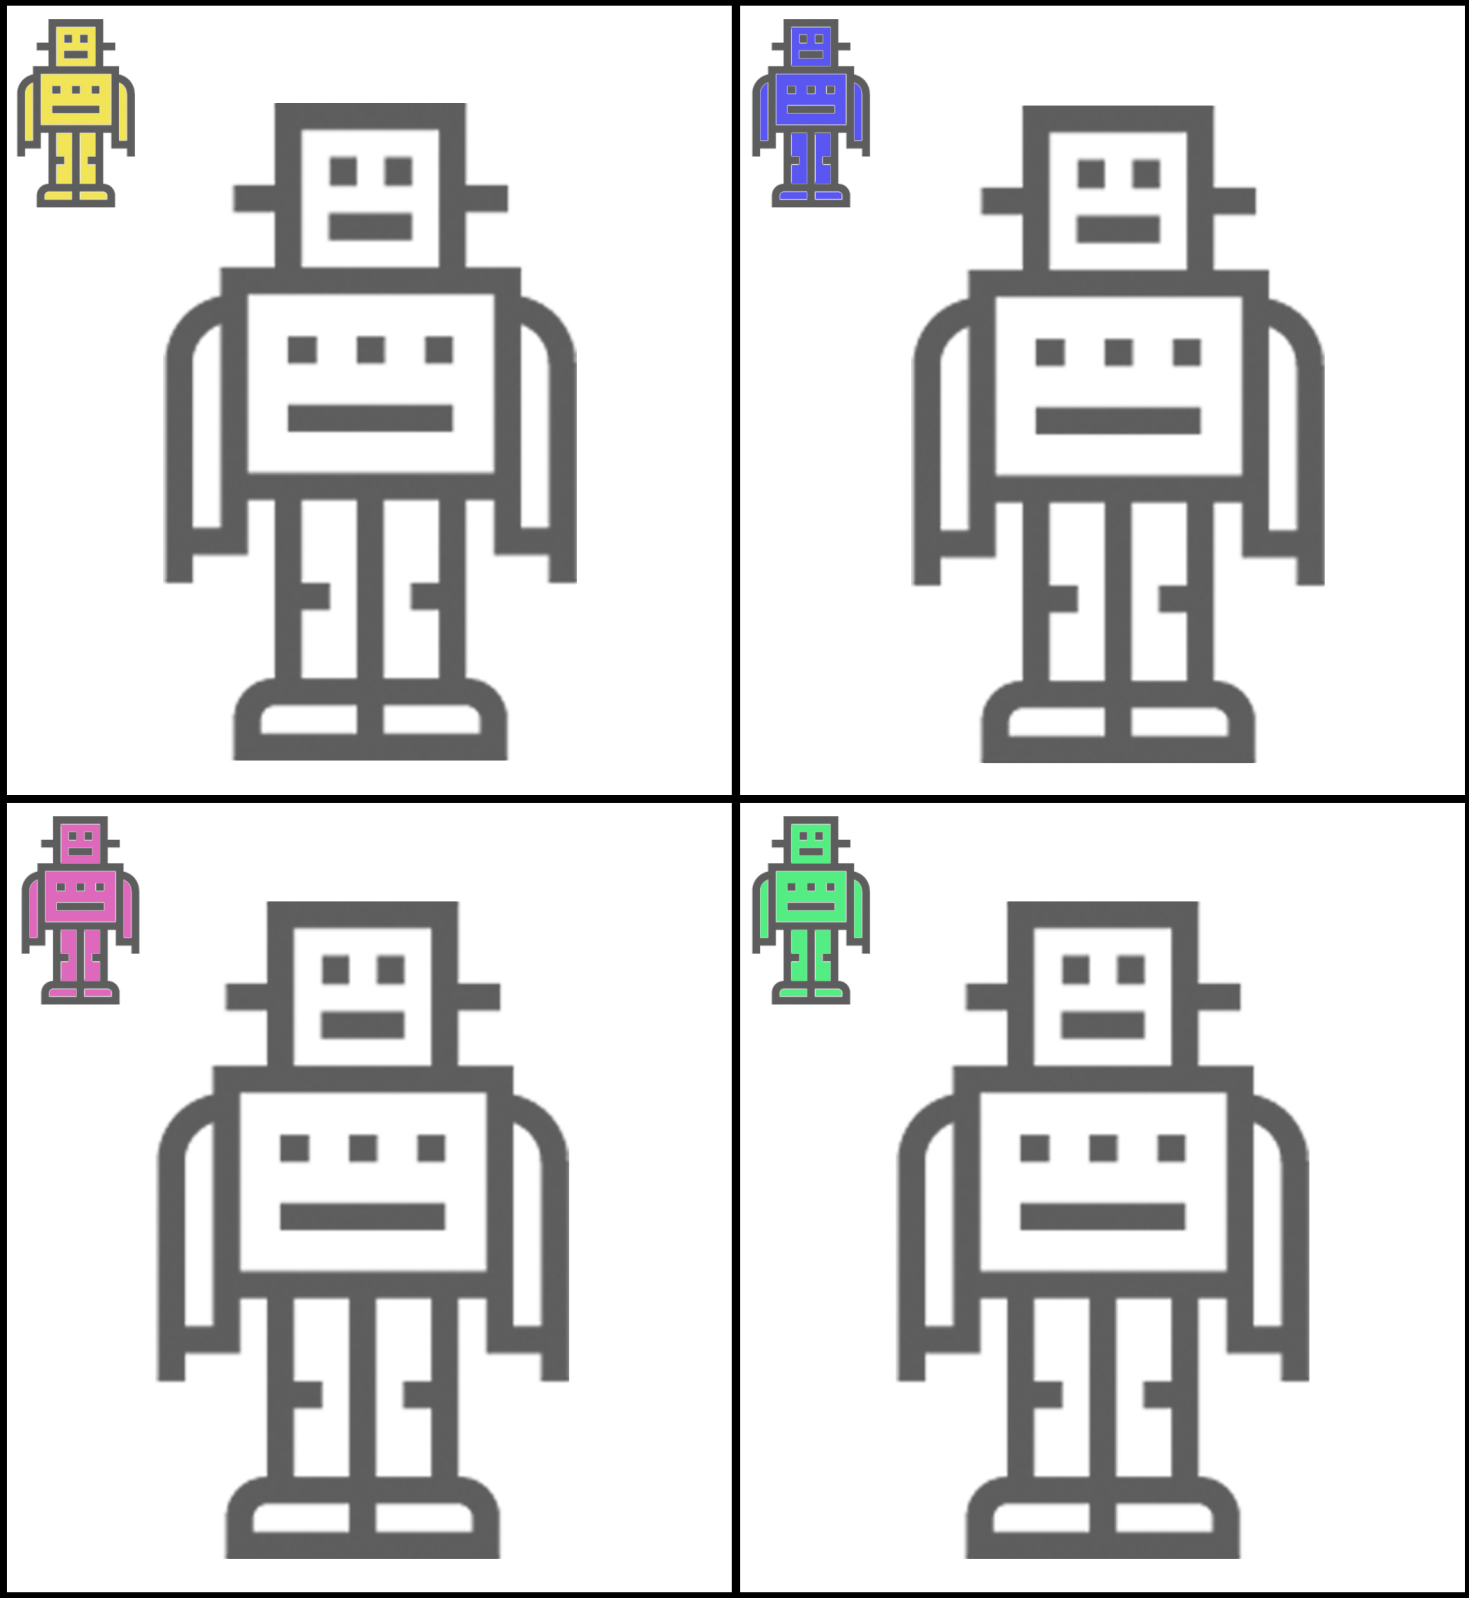

There are SEVEN colors of the rainbow! Use the words below to help you color in each line to make the pretty rainbow

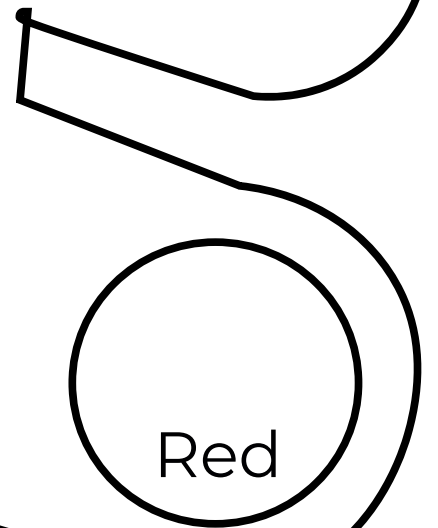

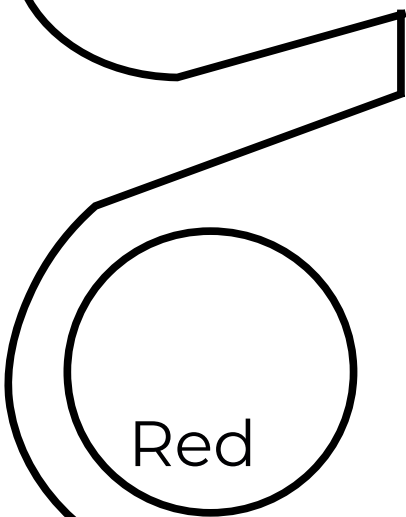

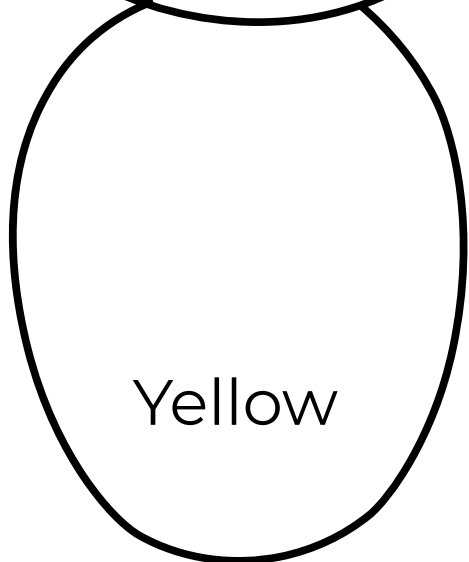

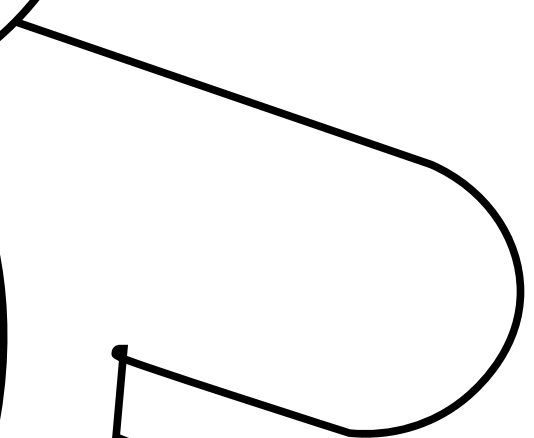

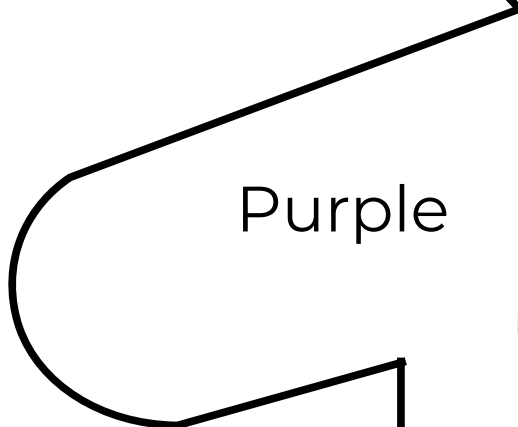

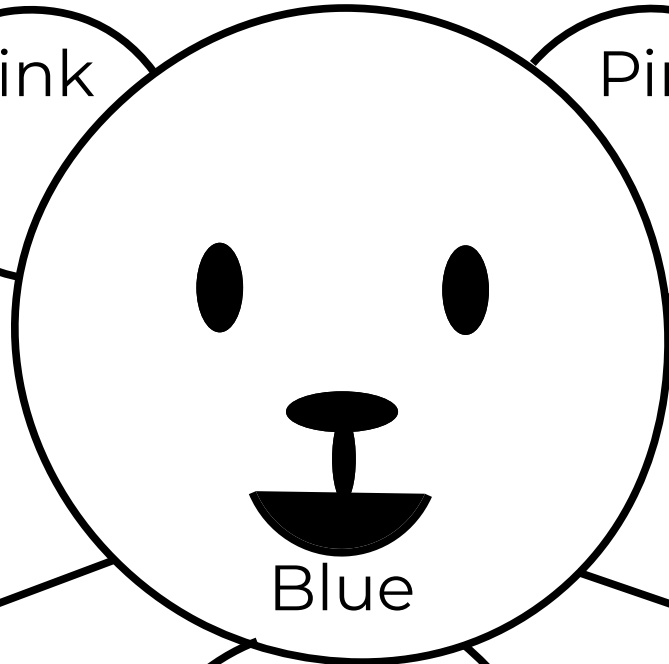

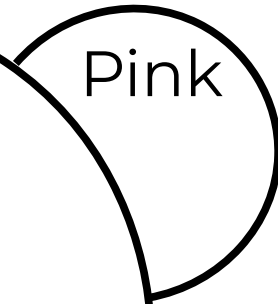

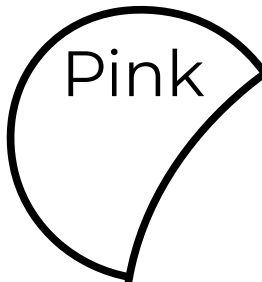

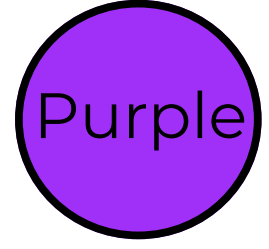

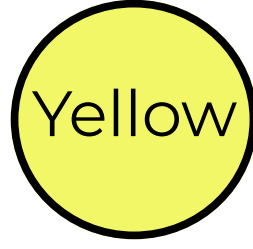

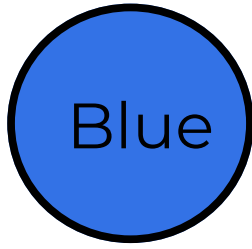

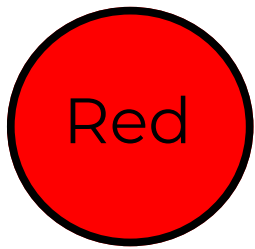

Color the robots! Color the big robot in the same color as the little robot in each box.

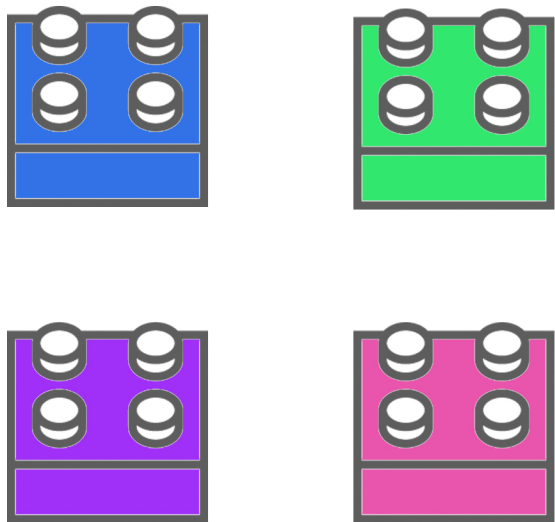

Henry is a very colorful teddy bear! Match the words at the top to the words on the bear and color in with those colors.

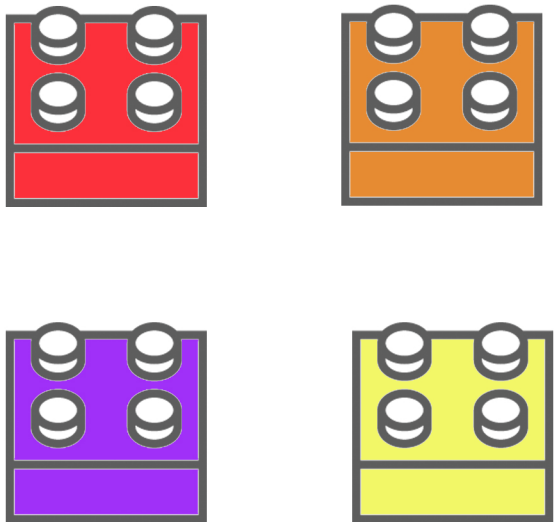

In each box is a selection of different colored lego pieces. Circle the color to match the word written in each box. Good luck!

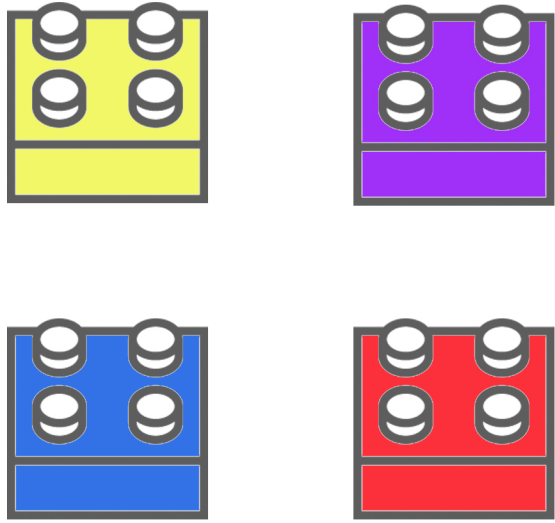

Purple

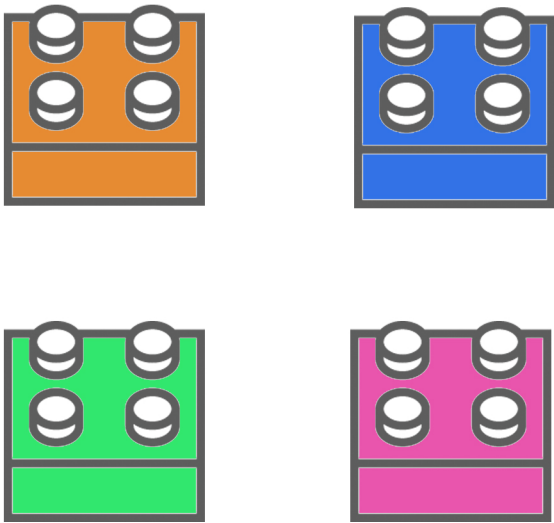

Red

Yellow

Pink

Below are five different colors. Can you draw a line from the correct word to the correct colored puzzle piece? Good luck!

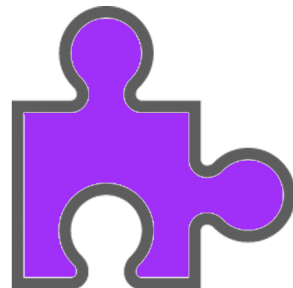

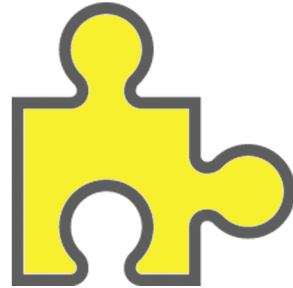

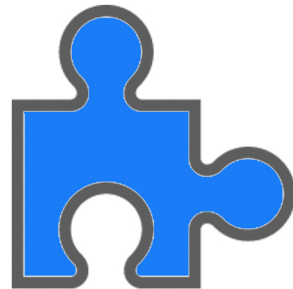

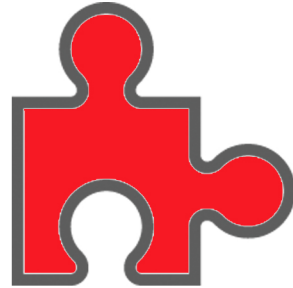

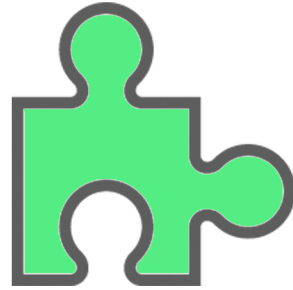

Blue

Purple

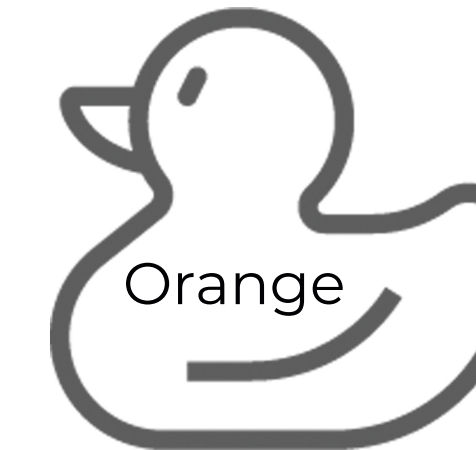

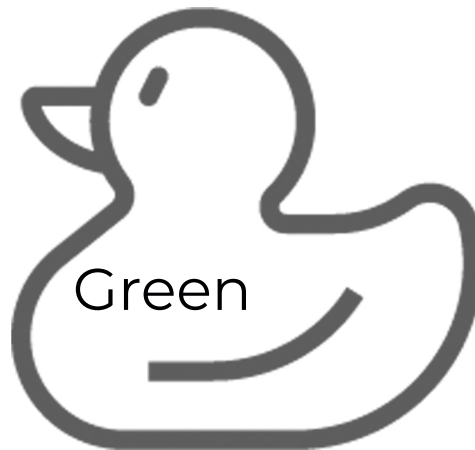

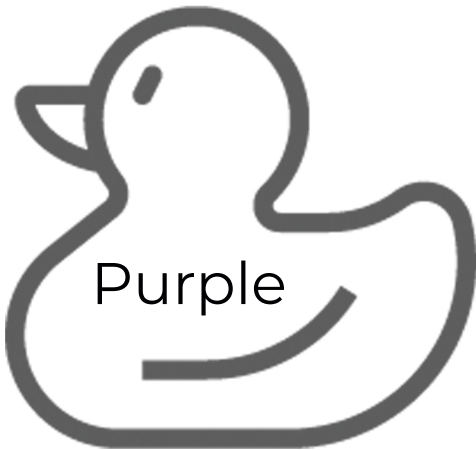

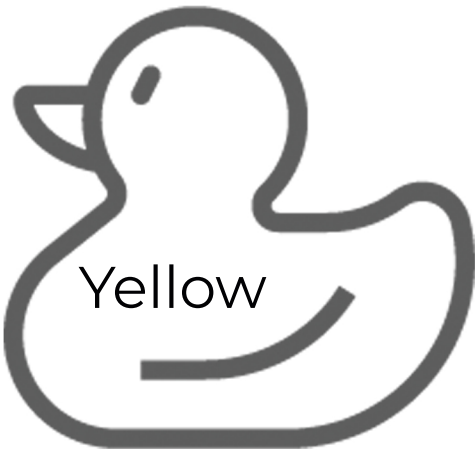

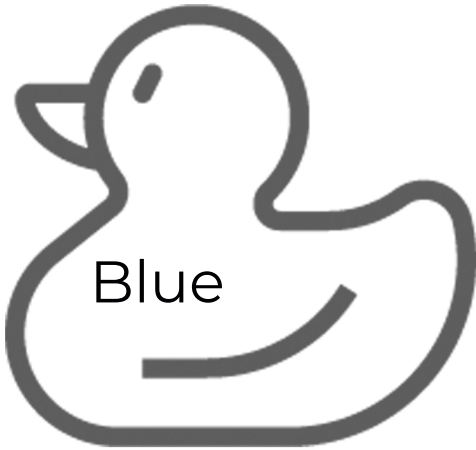

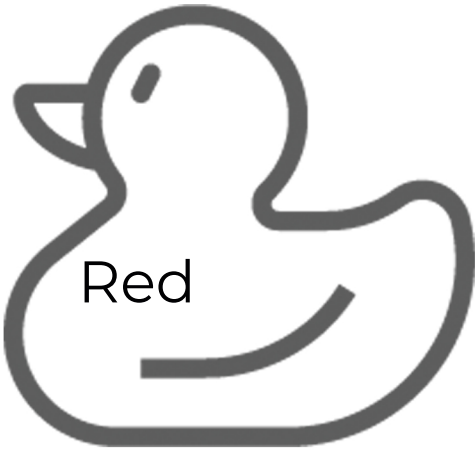

Green

Red

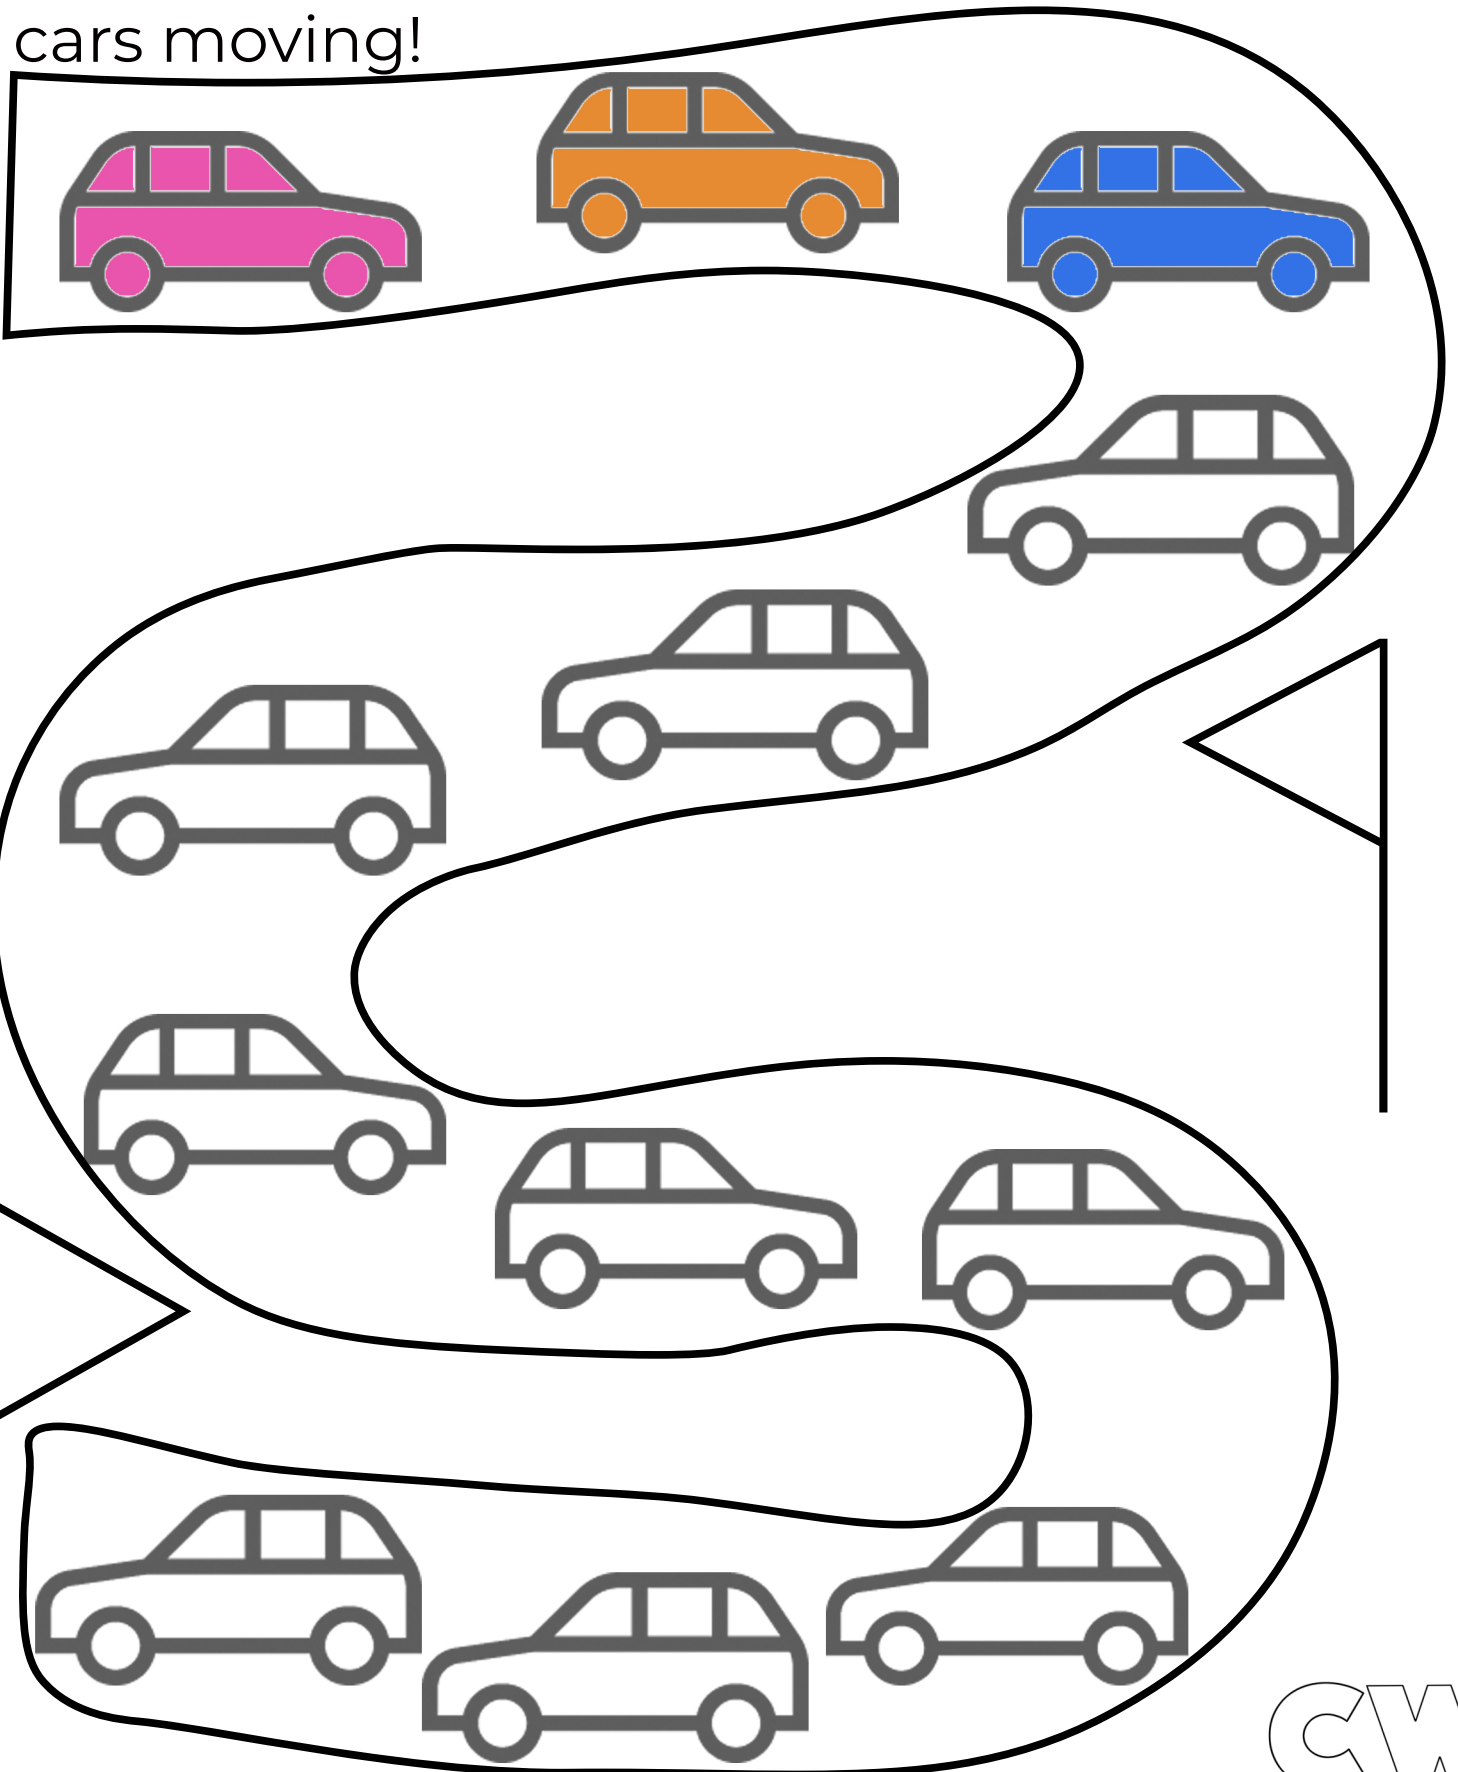

Yellow

There are six rubber ducks on the page.  
On each one there is a word with the color  
that it needs to be colored in with. Good luck!

There are cars stuck in traffic and they need your help! The first three cars are colored in, in pink, orange and blue. Follow this same color pattern until the end of the road to get the cars moving!
